

**RV Technician  
Training Seminar  
November 17<sup>th</sup>-19<sup>th</sup>, 2009  
Okanagan College  
Kelowna, BC**

---

The RVDA of BC is very pleased to announce we will partner with Okanagan College and their Instructors to present an intense 3-day RV Technician Training Seminar being held November 17<sup>th</sup>-19<sup>th</sup>, 2009

In answer to technician evaluations who have requested longer sessions encompassing fewer topics and more hands on we believe this seminar will satisfy these requests. The seminar will feature refrigerator and generator training with a combination of theory and hands on instruction; the students will spend 1-1/2 days on each topic; please see full course outline below.

Please note: Registration will be capped at 30 students (15 per class)

Lunch and Coffee breaks with snacks will be provided daily

**Course Outline:**

**Onan Generator Training Session**

**Session 1 (2 hours) Basic Maintenance and Installation Procedures**

Includes:

- Identification of units - Scheduled maintenance
- Valve adjustments each model
- Basic Installation of each unit

**Session 2 (7 Hours) Complete Technical training on Onan 3.2 QD HDZAA**

Includes:

- Introduction to the Onan 3.2 Quiet Diesel
- Approximately 3 hours theory and 4 hours shop including Set up, adjustments, teardown etc.

**Refrigerator Self Diagnostics**

**Session 1 (2 hours) Basic Refrigeration**

Includes:

- An overview of some of the differences between Norcold and Dometic
- Common problems and their cures

Continued....

## Refrigerator Self Diagnostics – Continued

### Session 2 (7 hours) Self Diagnostics

Includes:

- approximately 4 hrs theory and 3 hrs. practical
- Techs can bring their own meters and small hand tools if they desire
- Both Dometic and Norcold diagnostics will be covered
